General Points

Good Points:

- Fireworks were good.
- School lunches are getting better.
- Music lessons in year 6 are more fun now.
- Assemblies are getting better.

Improvements

-
- Have a basketball club.
- Teachers have unfair food when children are having food taken away.
- Then school canteen staff eat the leftovers in front of the children which isn't fair.
- Toilets need to be cleaned.

Playground Development

What do we like already in the playground?

- Skipping ropes

- Trim Trail.
- It is better when the field is available because then the playground feels bigger.

What would we like to do with the playground?

- Block out the gap between the mobile classroom and the fence so that children can't go in there.
- Animal statues around the playground, they look nice and we can play on them.
- Play on the school field all the time - although we realise it is difficult when it is wet.
- We would like basketball nets to be able to use the court properly.
- Showers for the swimming pool.
