

SNAG meeting on 14.11.11

Apologies: Mrs Thomson

Mrs Keeling

Libby Y3

Grace Y5

Food For Life Questionnaire

We discussed the questionnaire that is to be filled out by parents and children at home. It covers all areas of FFLP and asks for feedback and ideas on how to further improve our school.

Added a section about TuttiFrutti as feedback for that would be useful. Discussed the food available at extended school services and felt it was healthy but needed a bit more variety. Hope that ideas are given in the responses to the questionnaire.

It was agreed Cece and Enzo would tell children about it in assembly on 16.11.11 and all SNAG members would remind their classes about filling it in and returning it.

Hot Meals take-up

This is at an all time high of 78%. We're really proud of this but hope to persuade some packed lunch children to convert – on opt in days we often reach 95% so there is potential to improve.

In January, children staying for a full day in Preschool will be offered a hot meal, so from 3 years old up, we can be teaching children the Healthy Eating message – fantastic!

SNAG members had good ideas about how to make the Preschool children feel comfortable in the Dining Hall and not intimidated. It was agreed that the SNAG team could help them for the first week so that they feel more confident.

GOLD Award

On 7th Dec the school will be presented with their GOLD award by Brian Turner, a celebrity chef. Mrs Greaves, Mrs Thomson and Mrs Addis will attend with 2 members of the SNAG team.

SNAG Badges

All children on the SNAG team were given a badge to wear to identify that they are on this committee.

AOB

Ravi asked if there could be a softer option on the menu as he had braces now and had changed to packed lunches. We discussed different options available such as pasta, shepherd's pie and jacket potato . Ravi agreed these were suitable and will consider returning to Hot Meals.
